

# **“University Educators for Sustainable Development” (UE4SD)**

Ingrid Mulà  
COPERNICUS Alliance Conference  
University of Gloucestershire  
10 January 2014

# Need & Focus

---

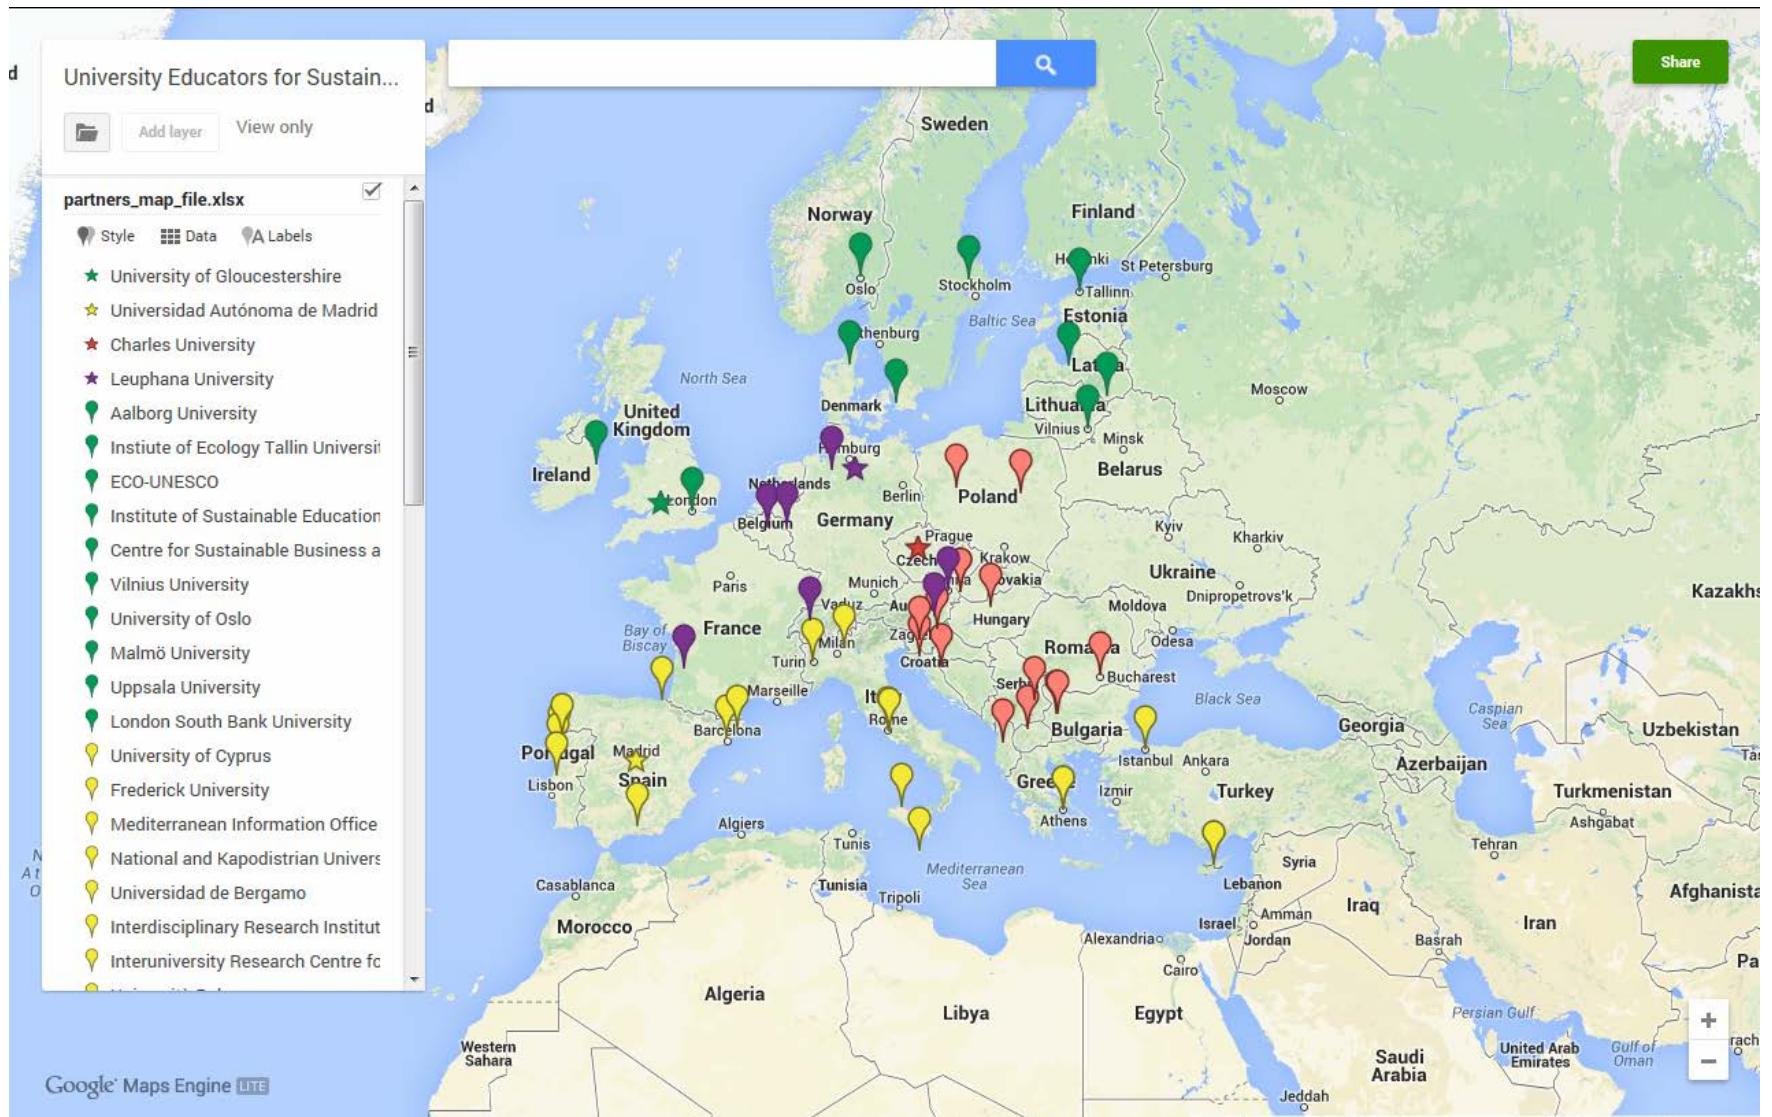

- Support of **T&L for sustainability** at **HE** level
- Re-orientation of the **HE curriculum** towards sustainability
- Development of **ESD competences** of university educators
- **Guidance and support** in this sector

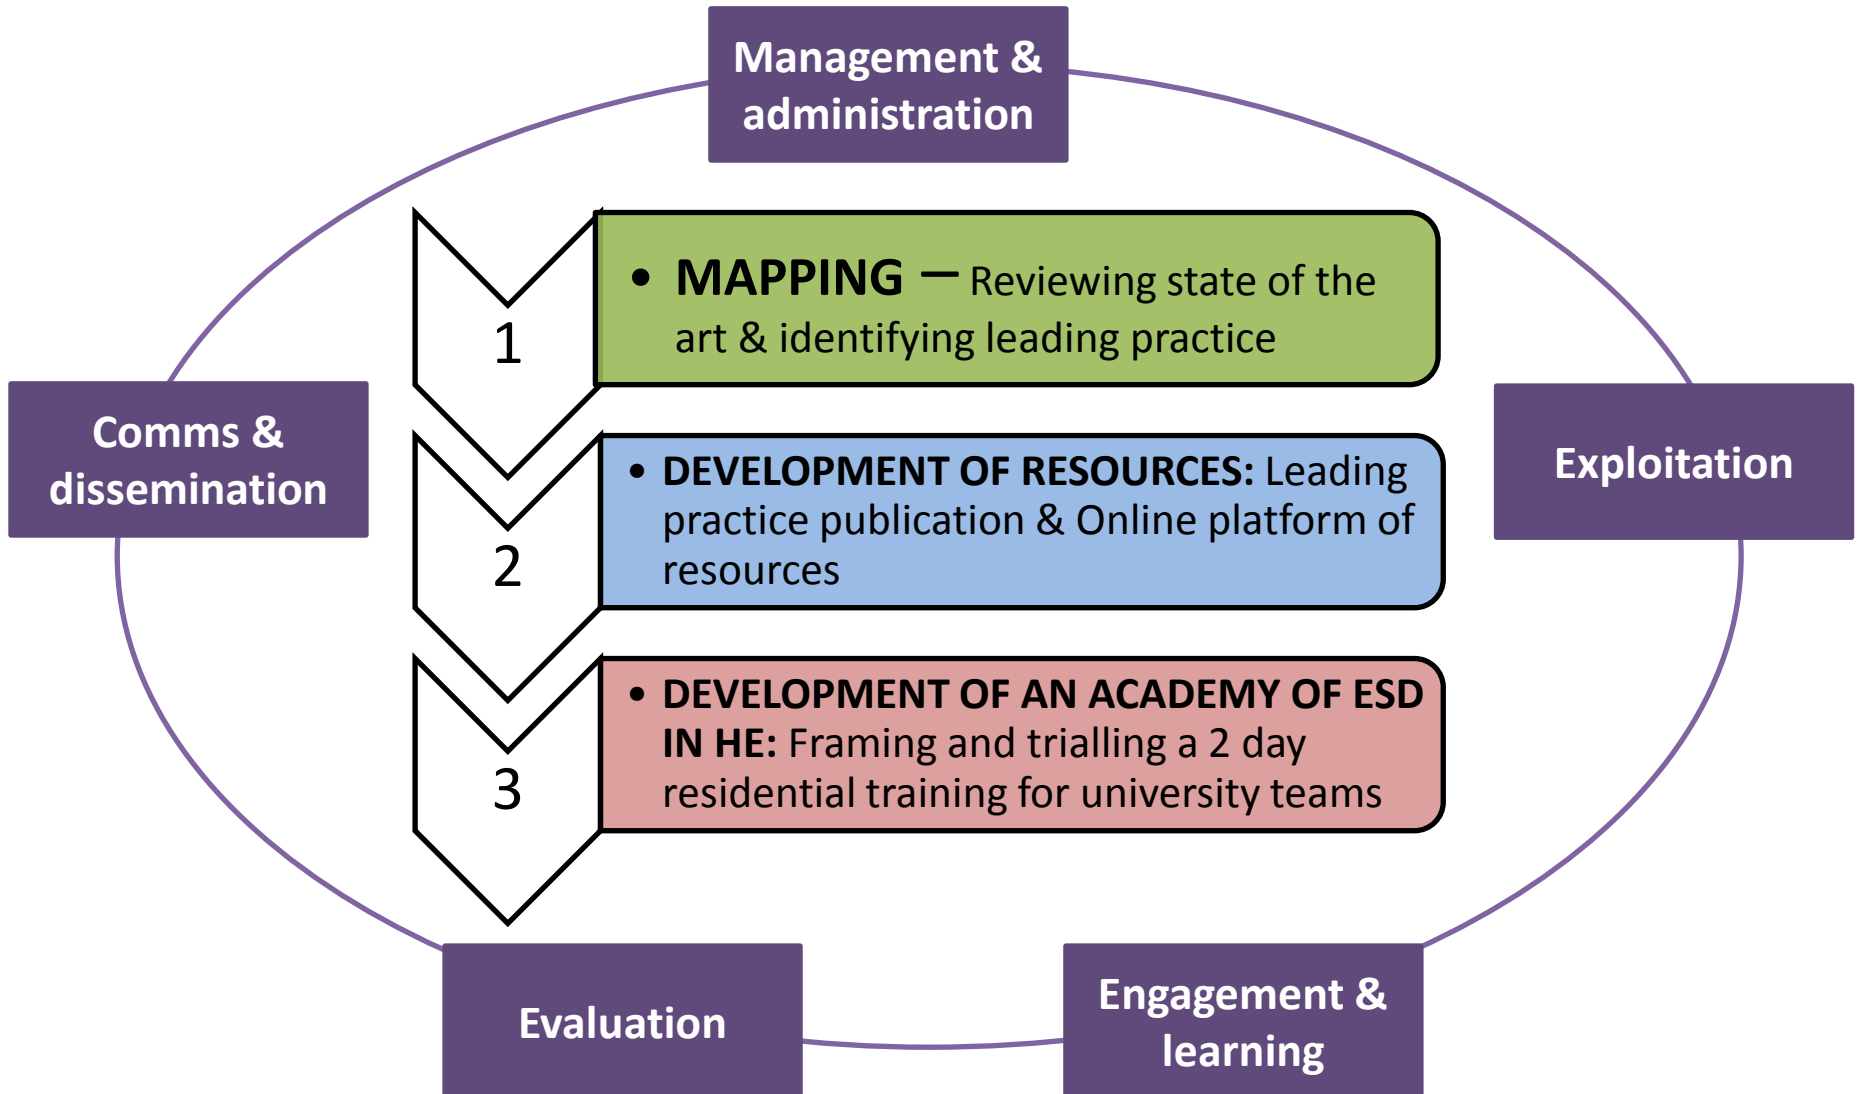

- Map opportunities for **university educators** to develop **ESD competences** through **professional development**
- Identify how competences can be best developed to enhance the **quality** of academic practice in the area of sustainability.

# The Partnership

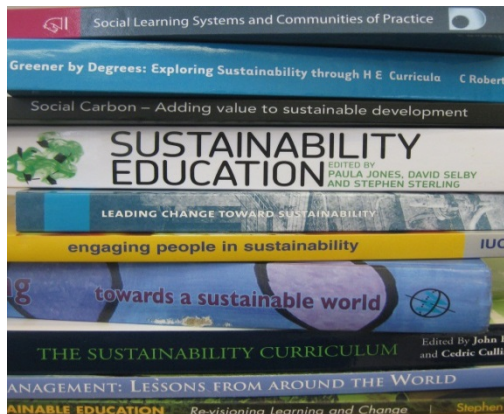

# Project Stages

---

# Outputs & Outcomes

## COMMS

- Website & project summary
- Bi-annual newsletters

## EVENTS

- Regional Meetings
- 3 Annual Meetings & Seminars

## RESOURCES

- Mapping report
- Leading practice publication
- Online platform of resources
- 3 Academic papers

**OTHER:** Academy framework, sustainability plan for the network

- Establish a leading expert group in ESD competences in HE in Europe that can inform policy and practice well beyond the life of the project.
- Promote understanding of the connections between ESD, quality enhancement and professional development.
- Provide guidance, support and resources to enhance the capacity development of educators.
